INSTRUCTIONS

The provisions of the General Business Law governing the licensing of the business given on the face of this bond are such that before a license can be issued the approved surety bond must be on file with the Department of State.

The bond must be written, executed, acknowledged and approved before a filing can be accepted and must also bear a date with the effective date of the license when issued. To accomplish this, applicants would arrange with the surety company to have the contract of guaranty written on a conditional basis, so that it can be updated to become effective on the date of issuance of the license applied for.
